WARNER & CO.'S SUPERIOR  
**SOLUBLE COATED PILLS,**  
 OFFICIAL,  
 AND FROM RECIPES OF  
 EMINENT MEDICAL PRACTITIONERS,  
 MANUFACTURED BY  
**WILLIAM R. WARNER & CO.,**  
 PHILADELPHIA AND NEW YORK.

WARNER AND CO.'S Pills are unequalled in their medicinal qualities, as the best materials enter into their composition and the utmost care is used in their manufacture. An experience of twenty-eight years, with careful attention and study of this branch, enables us to achieve results otherwise unattainable.

We claim the art of Sugar-Coating, which, while remaining permanent, avoids drying the mass so hard as to render it insoluble and inert.

Skilful preparation and the scientific method of manufacture, which we do not hesitate to call our own, are recognized in the acknowledged success attained. We wish particularly to state that our pills will produce the effects expected, and our desire is that Physicians shall be able to realize this in their practice; hence, to avoid inferior brands, we request that you will specify WARNER & CO.'S when ordering or prescribing.

The following list of Sugar-Coated Pills comprises a variety of combinations of great value. The CONVENIENCE OF THIS FORM of medicine, besides other advantages, will, we trust, be fully appreciated.

The following prices for Pills are subject to the largest discount.

SOLUBLE COATED PILLS.	DOSE.	PRICE.	
		100's	500's
<b>ABERNETHY'S</b> (Aperient)..... Pulv. Aloes Soc't, 2 grs. Pulv. Ipecac., 5-6 gr. Pil. Hydrarg., 1 gr. Ext. Hyoscyam., 2 grs.	I	\$ 75	\$3 50
<b>ACID ARSENIOS.</b> 1-20, 1-30, 1-50 and 1-60 grs. .. Med. prop.—Antiperiodic, Alterative.	I to 2	40	I 75

### PHILADELPHIA AND NEW YORK.

# QUICKLY SOLUBLE TABLETS

—FOR—

## *Hypodermic Medication.*

In compliance with repeated requests from the medical profession to manufacture *quickly soluble* Tablets for subcutaneous medication, we respectfully call attention to the following list.

We desire to emphasize the statement, that in undertaking the manufacture of these delicate agents, we have devoted much time and labor in bringing them to a state of perfection. We have been assisted in our efforts by the co-operation of our medical friends.

We claim (and a candid comparison will convince any one) for our soluble tablets the following points of superiority, viz:—

1. *They are quickly and entirely soluble.*
2. *They are permanent in form; accurate in dose.*
3. *They are safe, and rapid in action.*

### FORMULÆ AND PRICE LIST

# PARVULES.

## ALOIN, Parv. 1-10 gr.

Med. Prop.—A most desirable Cathartic.

The most useful application of these Parvules is in periodic irregularities—Dysmenorrhœa and Ammenorrhœa. They should be given in doses of one or two every evening at and about the expected time.

Dose.—4 to 6 at once. This number of Parvules taken at any time, will be found to exert an easy, prompt and ample cathartic effect, unattended with nausea, and in all respects furnishing the most desirable aperient and cathartic preparation in use. For habitual constipation, they replace when taken in single parvules, the various medicated waters, avoiding the quantity required by the latter as a dose, which fills the stomach and deranges the digestive organs.

## CALOMEL, Parv. 1-20 gr.

Med. Prop.—Alterative, Purgative.

Dose.—1 to 2 every hour. Two Parvules of Calomel, taken every hour, until five or six doses are administered, (which will comprise but half a grain), produce an activity of the liver, which will be followed by bilious dejections and beneficial effects, that twenty grains of Blue Mass or ten grains of Calomel rarely cause, and sickness of the stomach does not usually follow.

## PODOPHYLLIN, Parv. 1-40 gr.

Med. Prop.—Cathartic, Cholagogue.

Two Parvules of Podophyllin, administered three times a day will re-establish and regulate the peristaltic action and relieve habitual constipation add tone to the liver, and invigorate the digestive functions.

### THE GREAT GERMICIDE.

## Corros. Sublimate, Parv. 1-100 gr.

Med. Prop.—An Alterative and Germicide.

Recently, Corros. Sub., in small doses, has been administered with most gratifying results in certain forms of Chronic Dyspepsia.

Dos.—One Parvule, repeated according to the age or nature of the disease. Riuger and other eminent therapeutists extol very highly 1-100 gr. in dysentery of children, regarding it as almost as specific.

PREPARED ONLY BY

**WILLIAM R. WARNER & CO.**

GENTLEMEN:—

Although a practitioner of over forty years, I think I may feel privileged to express my great pleasure and appreciation of the new class of remedies prepared by you, called "PARVULES," I regard them the greatest improvement in modern medicine, and I could scarcely practice my profession without them, as they are so handy, so convenient and easily taken by children and adults, Their most important quality is their unvarying and *reliable* strength and efficacy. I can obtain with a grain or less of Calomel, with a grain or less of Aloin, and with a grain or less of Podophyllin, divided respectively into the tenth, twentieth, or fortieth of a grain, in "PARVULES," all that I could desire in most cases, and in a more satisfactory manner than in the usual form. I have used successfully a "PARVUL" of one-fiftieth of a grain of Sulph. Morphia repeatedly for two or three hours, and have relieved pain without the least nausea or vomiting in patients that could not bear opiates in any other form; I do not know what to attribute this to, except the peculiar mode of preparing the "PARVULS," as they are so readily dissolved and absorbed after being taken, and in indorsing them I must disclaim any favoritism or sympathy with Homœopathy; a Parvule given every hour it will be seen is not Homœopathy, in theory or practice. I usually give two Parvules of Calomel every hour until six or seven doses are taken, and the result is the same as with ten grains of the same, without the embarrassing effect. I give four or five Parvules of Aloin, the effect is the same as four or five Cathartic Pills, also with the Podophyllin Parvules; they will relieve habitual constipation, derangement of the liver and digestive organs, if given, one two or three times a day.

I have no doubt that every practitioner who will use these "PARVULS" will find the same results which convinced me of their importance and convenience. I have no other medicine chest in my daily rounds, than my pocket case of Parvules.

Yours very truly,

To Messrs. Wm. R. Warner & Co.

PHILADELPHIA AND NEW YORK.

# WARNER & CO.'S STANDARD PERFUMES.

PUT UP IN  
Warner's Patent Bottles  
WITH HANDSOME  
GLASS LABELS.

These Perfumes are unexcelled by any offered. They possess qualities of delicacy and durability which make them favorites with the trade and public.

## LIST OF ODORS AND PRICES.

JOCKEY CLUB,	WHITE ROSE,	NEW-MOWN HAY,
WEST END,	JASMINE,	HELIOTROPE,
FRANGIPANNI,	TUBEROSE,	VIOLET,
YLANG YLANG,	BOUQUET,	MUSK.

PRICE, \$3.00 PER PINT, in Warner's Patent Bottles.

PRICE, \$2.50 PER PINT, in ordinary bottles.

# WARNER & CO.'S SACHET POWDERS.

The following variety of odors will be found delicate and very lasting, and equal in all respects to anything of the kind hitherto offered to the trade.

They are sold at the prices annexed, in ordinary wide-mouth corked bottles.

When put up in Warner's patent bottle with handsome glass label, an additional charge of 50 cts. per pint bottle, and 78 cts. per quart bottle, is made.

## LIST OF ODORS AND PRICES.

Syrup—F. E. 4 fl. oz., Simp. Syrup 12 fl. oz.		
Infusion—F. E. 1 fl. oz., Hot Water 15 fl. oz.		
<b>ELDER FLOWERS</b> ( <i>Sambucus Canadensis</i> ).....	30 to 120	90
Med. prop.—Diaphoretic, Diuretic, Alterative.		
Tincture—F. E. 2 fl. oz., Dil. Alcohol 14 fl. oz.		
Syrup—F. E. 4 fl. oz., Simp. Syrup 12 fl. oz.		
Infusion—F. E. 1 fl. oz., Hot Water 15 fl. oz.		
Wine—F. E. 2 fl. oz., Sherry Wine 14 fl. oz.		
<b>ELECAMPANE</b> ( <i>Inula Helenium</i> ).....	20 to 60	85
Med. prop.—Stimulant, Tonic, Diuretic.		
Tincture—F. E. 4 fl. oz., Dil. Alcohol 12 fl. oz.		
Syrup—F. E. 4 fl. oz., Simp. Syrup 12 fl. oz.		
Infusion—F. E. 1 fl. oz., Hot Water 15 fl. oz.		
<b>ELEPHANT'S FOOT</b> ( <i>Elephantopus Tomentosus</i> )....		3 00
Med. prop.—Diaphoretic, Expectorant.		
<b>EPHEDRA ANTISYPHILITICA</b> .....		2 80
Med. prop.—Suggested as a remedy for Gonorrhœa.		
<b>ERGOT</b> ( <i>Claviceps Purpurea</i> ).....	10 to 60	1 50
Med. prop.—Parturient.		
Tincture—F. E. 4 fl. oz., Dil. Alcohol 12 fl. oz.		
Infusion—F. E. ½ fl. oz., Water 16 fl. oz.		
Wine—F. E. 2½ fl. oz., Strong. White Wine 1 pt.		
<b>ERGOT ETHEREAL</b> ( <i>Claviceps Purpurea</i> ).....	10 to 60	1 60
Med. prop.—Promotes muscular contraction.		
<b>EUCALYPTUS GLOBULUS</b> .....	60 to 120	1 30
Med. prop.—Febrifuge.		
Tincture—F. E. 2 fl. oz., Alcohol 10 fl. oz., Water 4 fl. oz.		
<b>EUPHORBIA PILULIFERA</b> .....		4 00
Med. prop.—Recommended in Asthma.		
<b>EUROPEAN ELDER BARK</b> ( <i>Sambucus Nigra</i> )...		1 45
Med. prop.—Hydragogue Cathartic.		
<b>EVENING PRIMROSE</b> ( <i>Oenothera Biennis</i> ).....	10 to 60	1 10
Med. prop.—Mild Sedative to Nervous Sensibility.		
Tincture—F. E. 2 fl. oz., Dil. Alcohol 14 fl. oz.		
<b>FENNEL SEED</b> ( <i>Fœniculum Vulgare</i> ).....	20 to 30	1 20
Med. prop.—Aromatic, Carminative.		
<b>FEVERBUSH BERRIES</b> ( <i>Benzoin Odoriferum</i> ).....		1 20
Med. prop.—Claimed to have some reputation as a Vermifuge.		
<b>FEVERFEW</b> ( <i>Pyrethrum Parthenium</i> ).....	30 to 60	1 00
Med. prop.—Tonic, Stimulant.		
<b>FIGWORT</b> ( <i>Scrophularia Nodosa</i> ).....		1 80
Med. prop.—Diuretic, Diaphoretic.		
<b>FIREWEED</b> ( <i>Erechtites Hieracifolia</i> ).....	30 to 60	90
Med. prop.—Astringent, Alterative.		
Tincture—F. E. 2 fl. oz., Dil. Alcohol 14 fl. oz.		
Syrup—F. E. 2 fl. oz., Simp. Syrup 14 fl. oz.

# Granulated Effervescent Salts.

(EQUAL TO THE BEST ENGLISH.)

Prepared by **WILLIAM R. WARNER & CO.**

---

GRANULATED EFFERVESCENT  
**APOLLINARIS SALT.**

A dessertspoonful dissolved in half of a glass of water forms an agreeable refrigerant aperient draught, identical with the natural water.

This aperient salt makes one of the most cooling and grateful drinks in the febrile stages of all diseases, and can be freely administered according to the desire of the patient.

Per dozen, \$4.00

GRANULATED EFFERVESCENT  
**ACID. SALICYLIC.**

Each teaspoonful contains five grains of Salicylic Acid. Valuable in Rheumatism and analogous disorders.

The temperature should be carefully watched in special cases.

Per dozen, \$6.00

GRANULATED EFFERVESCENT  
**BROMO SODA.**

COMPOSITION:

CAFFEINE, . . . . . 1 gr.  
BROMIDE SODIUM, . . . . . 30 grs.

Useful in Nervous Headache, Sleeplessness, Excessive Study, Over Brainwork, Nervous Debility, Mania, etc., etc.

DOSE.—A heaping teaspoonful in half of a glass of water, to be repeated once after an interval of thirty minutes, if necessary.

It is claimed by some prominent specialists in nervous diseases, that the Sodium Salt is more acceptable to the stomach than the Bromide Potassium. An almost certain relief is given by the administration of this Effervescing Salt. It is also used with advantage in INDIGESTION, DEPRESSION following alcoholic and other excesses, as well as NERVOUS HEADACHE. It affords speedy relief for MENTAL and PHYSICAL EXHAUSTION.

Per dozen, \$10.00

GRANULATED EFFERVESCENT  
**CAFFEINE**  
AND  
**BROMIDE OF POTASSIUM.**

*Specially prepared by William R. Warner & Co.*

DOSE.—A large teaspoonful, in water, containing

HYDROBROMATE OF CAFFEINE, . . . . . 1 gr.  
BROMIDE OF POTASSIUM, . . . . . 20 grs.

PROPERTIES:—Useful in SLEEPLESSNESS, OVER EXERTION of the Brain, OVER STUDY, NERVOUS DEBILITY, etc., and in all cases for which the above remedies are given singly to advantage. An almost certain relief is given by the administration of this Effervescing Salt. It affords a pleasant and delightful draught, by mixing a large teaspoonful with a glass of water and drinking while effervescing. It is also used with advantage in INDIGESTION, DEPRESSION following alcoholic and other excesses, as well as NERVOUS HEADACHE. It affords speedy relief for MENTAL and PHYSICAL EXHAUSTION. Physicians recognize its great advantage.

The dose named may be repeated, if necessary, three times at intervals of thirty minutes.

Per dozen, \$10.00

# GRANULATED EFFERVESCENT SALTS.

GRANULATED EFFERVESCENT

## CITRATE OF CAFFEINE.

A dessertspoonful containing one grain of Citrate of Caffeine should be given for sick headache every hour or two, before and during paroxysms.

This preparation should be used more particularly in those cases of sick headache, the cause of which is torpidity of the liver and other excretory organs.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

## CRAB ORCHARD SALT.

Prepared from the exact analysis of the purified natural salt as obtained from the Crab Orchard Spring, Ky.

A heaping teaspoonful in half of a glass of water forms a grateful, effervescing draught, producing the effect of the natural water.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

## BROMIDE OF CAFFEINE.

A dessertspoonful containing one grain of Bromide of Caffeine, should be given for sick headache, every hour or two before and during the paroxysms.

This most valuable therapeutic agent acts with marvelous promptitude in those cases of headache, the cause of which is gastric irritability from over indulgence in food or drink, and also when due to nervous exhaustion caused by want of sleep and overwork.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

## NITRATE OF CERIUM.

Each heaping teaspoonful contains two grains of Nitrate of Cerium.

Useful in reflex vomiting and gastric distress not due to organic disease of the stomach.

The dose may be increased to four and even eight grains of the Nitrate of Cerium as occasion demands.

Per dozen, \$6.50

GRANULATED EFFERVESCENT

## CONGRESS SALT.

*A Saline Aperient.*

A heaping teaspoonful in a glass half full of water, forms an agreeable and refreshing draught identical with the water of the popular "Congress Spring" at Saratoga.

Per dozen, \$4.00

## GRANULATED EFFERVESCENT SALTS.

GRANULATED EFFERVESCENT

### OXALATE OF CERIUM.

Each heaping teaspoonful contains two grains of Oxalate of Cerium.

Valuable in *reflex* vomiting not due to gastric irritability. In many cases of so-called nervous Dyspepsia it will control the paroxysms.

Per dozen, \$6.50

GRANULATED EFFERVESCENT

### FRIEDRICHSHALL SALT.

A dessertspoonful dissolved in half of a glass of water forms a grateful refrigerant and laxative draught identical with the natural water.

This is a minimum dose, and in many cases must be increased to obtain the desired laxative action of the salt. It is best taken before breakfast.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### GINGERADE.

A tablespoonful dissolved in a glass of water forms an exceedingly grateful summer drink, similar to Ginger Ale.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### HUNYADI JÁNOS.

A heaping teaspoonful dissolved in a glass half full of water, forms an agreeable and refreshing draught, identical with the natural water.

As an aperient take two teaspoonfuls.

As a purge increase the dose to two tablespoonfuls in a tumbler half full of cold water, taken before breakfast.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### KISSINGEN SALT.

A heaping teaspoonful dissolved in half of a glass of water, forms an agreeable and refreshing draught, identical with the natural water.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### BENZOATE OF LITHIA.

Each teaspoonful contains four grains of the chemically pure salt.

This preparation has been strongly recommended as a remedy for Gout. It may be used with good effect in all cases of Lithaemia, Gout and Rheumatic Gout.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

### BROMIDE OF LITHIA.

Each teaspoonful contains five grains of the chemically pure salt.

This preparation has been strongly recommended as a remedy for Epilepsy and as a hypnotic of great value.

Per dozen, \$10.00

# GRANULATED EFFERVESCENT SALTS.

GRANULATED EFFERVESCENT

## **SALICYLATE OF LITHIA.**

**DOSE.**—A teaspoonful, containing ten grains of the salt.  
A convenient and pleasant remedy in Gout and Rheumatism.

This preparation is intended for physicians' use, and will be found to possess advantages over Salicylic Acid, being less irritating to the stomach, and combining the efficacy of Lithia and Salicylic Acid.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

## **CITRATE LITHIA.**

Each heaping teaspoonful contains four grains of the chemically pure salt. Valuable in Rheumatic, Gouty, and analogous disorders, and acceptable to delicate stomachs where the Carbonate is not well borne.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

## **CARBONATE LITHIA.**

Each heaping teaspoonful contains four grains of the chemically pure salt. A remarkable and often magical resolvent of Gouty Rheumatic deposits.

Dr. A. Garrod, the well known English authority on Gout, and who was the first physician to introduce the Lithia Salts in the treatment of the gouty diathesis, states that their action is materially increased by being administered in a *freely diluted form*.

The effervescing salts of Lithia furnish an easy and elegant way of applying Dr. Garrod's methods.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

## **CITRATE OF MAGNESIA.**

*Pleasant and Efficient.*

### **DIRECTIONS.**

For a purgative effect take two or more tablespoonfuls added to a small glass of water, and drink while effervescing. As a laxative, one or two tablespoonfuls taken in the same manner. One or two teaspoonfuls in sweetened water, produces a delightful, cooling drink in summer.

This preparation of Citrate of Magnesia has the advantage over the liquid form, and a fresh and effective preparation is possible in every household.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

## **SULPHATE OF MAGNESIA.**

*Pleasant and Efficient.*

### **DIRECTIONS.**

For a purgative effect, take two or more tablespoonfuls added to a small glass of water, and drink while effervescing. As a laxative, one or more tablespoonfuls taken in the same manner.

This preparation is more agreeable and quite as efficient as the old fashioned dose of salts, and is thus a great boon to the nursery.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

## **PEPSIN AND BISMUTH.**

Each heaping teaspoonful contains the dose of Saccharated Pepsin and soluble Citrate of Bismuth.

Useful in cases of Indigestion due to catarrhal conditions of the gastric mucous membrane.

Per dozen, \$7.50

## · GRANULATED EFFERVESCENT SALTS. ·

GRANULATED EFFERVESCENT

### **PEPSIN, BISMUTH AND IRON.**

Each heaping teaspoonful contains the dose of Saccharated Pepsin, soluble Citrate of Bismuth and one grain of Citrate of Iron.

Useful in cases of Dyspepsia, Indigestion and gastric irritability.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

### **PEPSIN, BISMUTH AND STRYCHNINE.**

Each heaping teaspoonful contains the dose of Saccharated Pepsin, soluble Citrate of Bismuth, and the one-sixtieth grain of Citrate of Strychnine.

A valuable and agreeable tonic, indicated in cases of atonic dyspepsia.

Per dozen, \$8.00

GRANULATED EFFERVESCENT

### **LITHIATED POTASH.**

Each heaping teaspoonful contains five grains of Carb. Lithia and ten grains of Bi-Carb. Potash.

Per dozen, \$10.00

GRANULATED EFFERVESCENT

### **BI-CARBONATE OF POTASSIUM.**

A dessertspoonful in a glass of water makes an excellent neutral mixture and effervescing draught. The diaphoretic and refrigerant effects are readily produced.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### **IODIDE OF POTASSIUM.**

Each heaping teaspoonful contains two grains of Iodide of Potassium.

This preparation of Iodide of Potassium has the advantage of being easily borne by the stomach, and as the peculiar taste is disguised, can be taken for a long time without arousing disgust in the patient which is often found when other preparations of Iodide of Potassium have to be taken for a long period.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### **BROMIDE OF POTASSIUM.**

Each heaping teaspoonful contains ten grains of Bromide of Potassium.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### **CITRATE OF POTASSIUM.**

A dessertspoonful in a glass of water makes an excellent neutral mixture and effervescing draught. The diaphoretic and refrigerant effects are readily produced.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### **NITRATE OF POTASSIUM.**

A dessertspoonful in half of a glass of water makes an excellent mixture and effervescing draught. The diaphoretic and refrigerant effects are readily produced.

Per dozen, \$4.00

## GRANULATED EFFERVESCENT SALTS.

GRANULATED EFFERVESCENT

### PULLNA SALTS.

A large teaspoonful dissolved in a glass half full of water, forms an agreeable and refreshing draught, identical with the water of the Pullna Spring in Germany.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### SEIDLITZ MIXTURE.

(Seidlitz Powder, U. S. P.)

An excellent aperient and refrigerant, very acceptable to the stomach.

DOSE.—One tablespoonful in a glass of water.

Like the Citrate of Magnesia this preparation is a more convenient and agreeable form of an aperient medicine than is usually used.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### BROMIDE OF SODIUM.

Each large teaspoonful contains ten grains of Bromide of Sodium.

Per dozen, \$5.00

GRANULATED EFFERVESCENT

### SELTZER SALT.

A tablespoonful to half of a glass of water, forms a grateful and refreshing saline draught, identical with the natural water.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### BI-CARBONATE OF SODIUM.

An excellent antacid, also antilithic and resolvent.

DOSE.—A heaping teaspoonful in part of a glass of water.

Per dozen, \$4.00

### VICHY SALT.

(Grand Grille.)

A heaping teaspoonful dissolved in half of a glass of water, forms a grateful and refreshing draught, identical with the natural water.

Per dozen, \$4.00

GRANULATED EFFERVESCENT

### SALICYLATE OF SODA with BROMIDE OF POTASH.

ANTI-RHEUMATIC, SEDATIVE.

Each heaping teaspoonful contains ten grains of Salicylate of Soda and 10 grains of Bromide of Potash.

The dose is usually one large teaspoonful in half of a glass of water, three times a day before eating.

This is the minimum dose for adults, and may be increased with advantage in many cases of Rheumatism and Rheumatic Gout.

This preparation is particularly valuable in cases of Lythiasis, in which the more prominent symptoms are inflammation of the mucous membranes of the respiratory and digestive tracts and ill-defined muscular soreness.

Per dozen, \$6.00

## WILLIAM R. WARNER & CO.

Makers of Soluble Coated Pills,

1228 MARKET STREET,

22 LIBERTY STREET,

PHILADELPHIA.

NEW YORK.

**LIQUID**  
**PANCREOPEPSINE**  
(DIGESTIVE FLUID.)

---

This Preparation contains in an agreeable form the natural and assimilative principles of the digestive fluid of the stomach, comprising Pancreatine, Pepsin, Lactic and Muriatic Acids. The best means of re-establishing digestion in enfeebled stomachs, where the power to assimilate and digest food is impaired, is to administer principles capable of communicating the elements necessary to convert the food into nutriment.

The value of Liquid Pancreopepsine in this connection has been fully established, and we can recommend it with confidence to the Medical Profession as superior to Pepsin alone. It aids in digesting animal and vegetable cooked food, fatty and amylaceous substances, and may be employed in all cases where, from prolonged sickness or other causes, the alimentary processes are not in their normal condition.

**Put up in Sixteen-ounce French Square Bottles.**  
**Retail Price, \$1.00**

---

**ELIXIR**  
**SALICYLIC ACID COMP.**

A POTENT AND RELIABLE REMEDY IN

**RHEUMATISM, GOUT, LUMBAGO AND KINDRED COMPLAINTS.**

This preparation combines, in a pleasant and agreeable form, Salicylic Acid, Cimicifugæ, Gelseminm, Sodii Bi-Carb. and Potass. Iodid., so combined as to be more prompt and effective in the treatment of this class of diseases than either of the ingredients when administered alone.

This remedy can be given without producing any of the unpleasant results which so often follow the giving of Salicylic Acid and Salicylate of Sodium—viz., gastric and intestinal irritation, nausea, delirium, deafness, nervous irritability, restlessness and rapid respiration; on the contrary, it gives prompt relief from pain and quiets the nerves without the aid of opiates.

The dose is from a tea to a dessertspoonful. Each teaspoonful contains five grains of Salicylic Acid.

**Elixir Salicylic Acid Comp. is put up in**  
**12 ounce square bottles.**

**Retail Price, \$1.00**

No New Store Designed to be Modern or Handsomely Appointed,  
should be without

Round Shoulder.

**WARNER'S**

Newly Designed

**Drug Shop Bottle.**

DESIGN PATENT.

Square Shoulder.

**A New and Ornamental Form of Dispensing Bottle.  
Mounted on Foot or Base.**

It furnishes handsomely, being beautiful and symmetrical, and is a great improvement over the old-fashioned, square-bottom bottle so long in use. The contrast is as marked as between an ordinary tumbler and a handsome goblet.

A drug store fitted out with these bottles presents a very attractive appearance, and they are a graceful and ornamental feature.

They are stronger than the ordinary bottle, as the concussion which would shiver the latter does not break off the base of the new bottle. Not one bottle of 300 in use in one store was broken in a period of three years. No one who has put them in use would exchange for the old style.

**PRICES :**

**TINCTURES.**

**SALT MOUTHS.**

Half-pint, Height, 9 $\frac{1}{2}$ in., per doz.	\$2.65	Half-pint, Height, 8 $\frac{3}{4}$ in., per doz.	\$3.10
One pint, " 11 $\frac{3}{4}$ " " "	3.25	One pint, " 10 $\frac{1}{2}$ " " "	3.60
Two pint, " 13 $\frac{3}{4}$ " " "	4.00	Two pint, " 13 $\frac{3}{4}$ " " "	4.50
Four pint, " 16 " " "	6.00	Four pint, " 15 " " "	7.00

The difference in height between this and the old style bottle is an economical feature, inasmuch as three lines of shelving will answer where four were formerly required, and the smaller number of bottles brings their cost to about the same as the ordinary ware.

**Number of Bottles required to cover Ten Feet of Shelving.**

Half-pint, - -	2 10-12 doz.	Two pint, - -	2 2-12 doz.
One pint, - -	2 8-12 doz.	Four pint, - -	1 8-12 doz.

Glass labels running lengthwise, with two or three lines of lettering, suitable for this style of bottles, 18 cents each. Ordinary style of Indestructible labels, 12 cents each.

**NOTHING CAN SURPASS THE BEAUTY OF THESE DESIGNS.**

We supply the ordinary style shop bottles at following prices :

# INGLUVIN

VENTRICULUS CALLOSUS GALLINACEUS.

From the Gizzard of the Domestic Fowl (Pullus Gallinaceus).

---

## A SPECIFIC FOR VOMITING IN PREGNANCY

AND A

Potent and reliable remedy for the cure of INDIGESTION, DYSPEPSIA, and SICK STOMACH, caused from debility of that organ. It is superior to the Pepsin Preparations, since it acts with more certainty and effects cures where they fail.

---

EDWARD WARREN (BEY), M.D., C.M., Paris, France.—“I am pleased to be able to chronicle the fact that in three cases of pronounced atonic dyspepsia and in one case of chronic indigestion it has acted like a charm—promptly relieving all disagreeable symptoms and restoring the stomach to its proper functions. My patients, who had previously tried without benefit all ordinary forms of pepsin, bismuth, cerium, nux vomica, etc., etc., are delighted with this new remedy, and assure me that they experienced benefit from the first dose. Hereafter I shall prescribe it liberally and with great confidence in its therapeutic value.”

DR. SHELLY, Philadelphia.—“I have used this remedy for twenty-five years, and it has never failed.”

DR. F. W. CAMPBELL, Montreal.—“With INGLUVIN I have cured three out of four cases of *vomiting in pregnancy*.”

DR. C. F. CLARK, Brooklyn, N. Y.—“I have used INGLUVIN very extensively in my daily practice for more than a year, and have fully tested it in many cases of *vomiting in Pregnancy, Dyspepsia, and Sick Stomach*, with the best of results.”

### TABES-MESENTERIC DISEASE.

1, ELDEN SQUARE, NEWCASTLE-ON-TYNE, ENGLAND, October 31st, 1889.

DEAR SIR:—Will you have the kindness to inform me if you have an Agent in this town for WARNER'S INGLUVIN, as I shall most likely prescribe it from time to time, in order to give it a more extended trial. I was much gratified with its action in a distressing case of Tabes-Mesenteric Disease. I had no difficulty in bringing the pain under subjection by opiates, etc., but in the vomiting, emaciation, and disordered condition of the bowels, there was no improvement. Finding a sample box of INGLUVIN upon my consulting table, (and for which accept my thanks, for I firmly believe that the powder saved my little patient's life,) I gave the mother the box containing a dozen powders, requesting her to divide one into three, and administer one twice daily. The pain disappeared, the vomiting ceased, flesh was rapidly put on, and in the short space of a fortnight (the patient previously under treatment for six weeks,) was convalescent and completely recovered, (aged 2½ years).

Believe me, yours faithfully,

ANTHONY BELL, L. R. C. P. Ed., M. R. C. S. Eng., L. S. A. etc.

FOR THE SPEEDY RELIEF OF

**Nervous Headache and Brain Fatigue.**

WARNER & CO.'S EFFERVESCENT

**BROMO**

(WARNER & CO.)

**SODA**

Useful in Nervous Headache, Sleeplessness,  
Excessive Study, Over Brainwork,  
Nervous Debility, Mania,  
etc., etc.

DOSE.—A heaping teaspoonful in half a glass of water, to be repeated after an interval of thirty minutes, if necessary.

It is claimed by some prominent specialists in nervous diseases, that the Sodium Salt is more acceptable to the stomach than the Bromide Potassium. An almost certain relief is given by the administration of this Effervescing Salt. It is also used with advantage in INDIGESTION, DEPRESSION following alcoholic and other excesses, as well as NERVOUS HEADACHE. It affords speedy relief for MENTAL and PHYSICAL EXHAUSTION.

PREPARED ONLY BY

**WILLIAM R. WARNER & CO.**

MANUFACTURERS OF

**Soluble Coated Pills,**

**PHILADELPHIA AND NEW YORK.**

# WARNER & CO.'S Cachou Aromatise.

—FOR—

**Perfuming the Breath and  
imparting a pleasant  
flavor.**

These Cachous are coated with pure SILVER FOIL, and not Dutch Metal nor Bronze Powder, and are composed of the finest and most fragrant aromatics.

No deleterious effect need therefore be anticipated from their use.

They are considered superior to any other brand in the market, either foreign or domestic.
